SETUP GUIDE

Before usage and installation, thoroughly inspect the unit for any defects, damages or missing parts. If a part is missing or damaged, contact your Ultum Nature Systems dealer immediately.

1. To turn the unit on, tap the ON/OFF button once.
2. To adjust brightness, hold the ON/OFF button for 1-6 seconds as desired.
3. To set the light to white, tap the ON/OFF button twice.

WARRANTY INFORMATION

In the rare case that the unit you have received is defective, Ultum Nature Systems provides a one year limited warranty. Please take some time to register your new product at: www.ultumnaturesystems.com/product-registration to expedite a potential future warranty claim.

Ultum Nature Systems warrants, to the original buyer, Atmos and Atmos Wireless Remote to be of the highest quality in material, craftsmanship and free of defects for a limited warranty of one year, effective starting from the original date of purchase.

Under limited warranty, Ultum Nature Systems will replace or refund any product confirmed to be defective due to manufacturer flaws based on eligibility. This warranty extends only to personal use and does not include any product that has been used for commercial or rental purposes, or any other use in which this product is not intended for. The warranty is voided if the product has been subjected to abuse, tampering, modification or repair done by personal self, another person or by a non-qualified company. This warranty excludes damage due to normal wear and tear and is not warranted against moisture or water damage.

This warranty is non-transferable. Ultum Nature Systems assumes no liability and is not responsible in any way for any loss, damage or inconvenience caused by equipment failure or user error, negligence, abuse or use that is noncompliant with the safety instructions and warnings included.

ATMOS INLINE CONTROLLER

SETUP INSTRUCTION GUIDE

PRESET LIGHTING OPTION	STYLE
01	RGB - Quick Jump
02	RGB - Smooth Transition
03	6 Color - Quick Jump
04	6 Color - Smooth Transition
05	3 Color - Smooth Transition
06	RGB - Pulse
07	Blue - Single Color Pulse
08	Red - Single Color Pulse
09	Green - Single Color Pulse
10	White - Single Color Pulse

PAIRING REMOTE CONTROL

1. Press and hold the middle and bottom button on the inline controller for 2 seconds. The Atmos Background LED will flash white 2 times to enter remote pairing mode. Immediately click the power button on the corresponding remote control to pair. Once pairing is complete, the Atmos Background LED will flash white 3 times as a confirmation.
2. To unpair, press and hold the middle and bottom button on the inline controller for 5 seconds to delete all paired remote controls. The Atmos Background LED will flash white 5 times to confirm the deletion of paired remotes.
3. To pair multiple Atmos Background LED with a single remote, perform the pairing steps mentioned above with the same remote.

NOTE: Use ATMOS Wireless Remote to set the background color to solid white.
